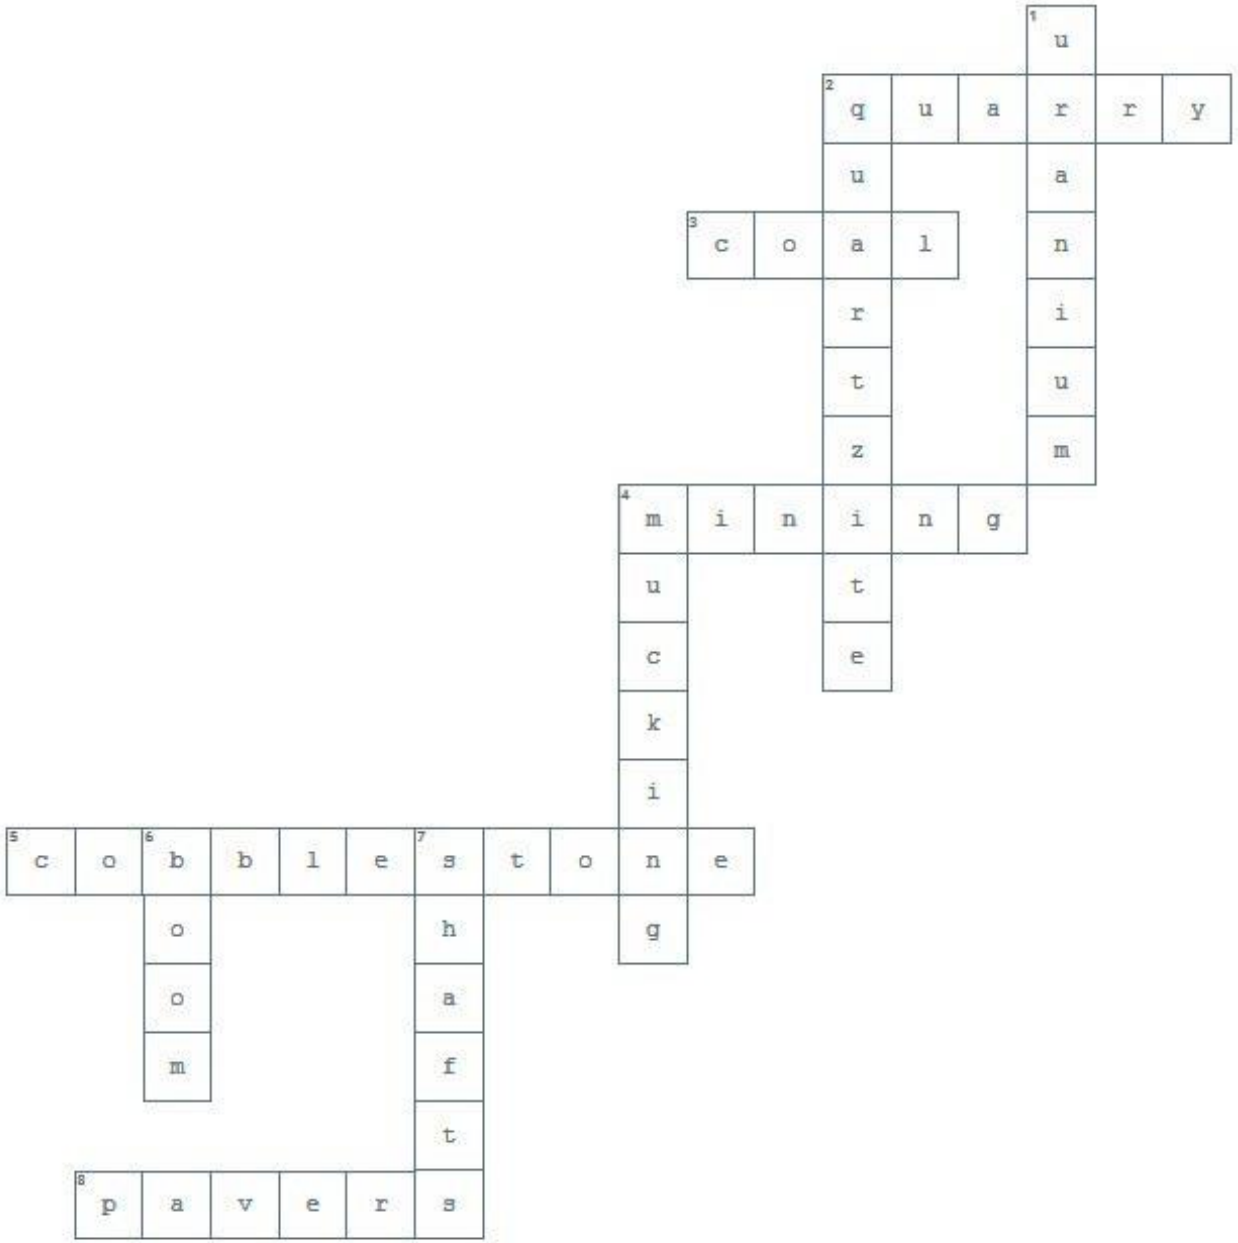
Crossword: Dakota Pathways Activity 6

Words can go horizontally and vertically. Clues correspond to the numbers on the crossword.



Across

2. A mine that is open to the sky, without underground tunnels.

3. Mined material that was burnt for warmth.

4. To get (as ore) from the earth.

5. Type of street that is made of bricks or pavers.

8. Pieces of quartzite cut smooth and narrow and fit together to create a smooth surface for city streets.

Down

1. Used for fuel in nuclear power plants to produce electricity, in the 1950s.

2. Super hard, pink stone, used in the construction of buildings and streets in the late 1800s, called pink gold.

4. The hard work of loading the rock after it had been blasted.

6. Plenty of material to mine and people pay good price for it.

7. Passages that went up and down in mines, clear to the surface.
